

HEALTH AND SAFETY POLICY STATEMENT

Avondale is committed to achieving and maintaining high standards in Health and Safety.

Our policy is to achieve a safe and healthy work environment not only in respect of its employees but also in respect of visitors, sub-contractors and all others that may be affected by our activities.

We are aware of our obligations and are committed in achieving high standards in all areas.

The following principles are provided and maintained in order to meet our legal and moral obligations:

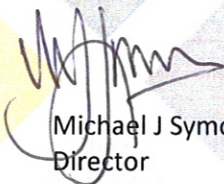

- take all reasonable measures to prevent accidents and incidents that may cause harm or danger
- provide information to employees of risks to their health and safety and the preventative and protection measures that have and can be taken
- instituting procedures to be followed in the event of imminent and serious danger and identifying danger areas
- actively encouraging employees, clients and sub-contractors to participate in all Health and Safety matters

It is the responsibility of all staff to ensure that employees and sub-contractors comply with the company's Health and Safety policy.

The policy will be continually reviewed and revised as necessary.

The full policy is available for inspection at the company's offices.

Signed
